Do you want to connect to your future workforce and inspire children to Dream Big? Latest news and volunteering opportunities from Primary Business Partnership

Latest September News:

Schools have been sending us their requests for business support and career-based learning ideas and support.

COULD YOU or YOUR ORGANISATION HELP?

We are looking for all sorts of volunteers from the local business community.

- Could you deliver a stem session?
- Could you become a reading champion or school governor?
- Could you help bring topic work to life and share your career journey?

If so please look at all requests on this newsletter.

Free training Opportunities:

Scientific insights –

On 31st October we are running a **FREE** training course for apprentices, graduates or employees working within the Nuclear sector or STEM Industries who would like to gain more confidence when delivering workshops in primary and secondary schools who are keen to pass on how they got into their industries and love of science. Please see the attached flyer for more information.

Places are limited so to book your FREE place make sure you contact

Claire.johnson@pbp.org.uk

For full details of all volunteering opportunities as well as guidance, advice and free resources visit our website:

www.primarybusinesspartnership.org.uk

Red Pike Education and PBP collaborate

The PBP team have collaborated with Red Pike Education to design and facilitate **Contract to Cube-It**, a fun engaging activity for schools linking math's and business skills to real work scenarios. More information can be found on our website. Please get in touch if:

- You would like to support these sessions
- You would like to be trained to deliver these for your local school

James Fisher Nuclear

Graduates at James Fisher Nuclear have been developing a new workshop to explore the World of an Engineer to pilot in local schools.

Can you help develop sessions like these to showcase skills and opportunities in your industry

Doosan Workshops

An exciting session exploring most exciting, most dangerous jobs in the world is proving really popular with pupils and is opening their eyes to the huge variety of jobs available to them at Doosan and beyond ...would you like training to deliver this? **GET IN TOUCH.....**

Help West Cumbrian Children to DREAM Big.....

We appreciate your help in growing Cumbria's future generations.....can we help your business to grow to say thank you?

Like young people finding their way in life, when you run own businesses you can also face challenges that prevent your aspirations for growth from taking root. **The Centre for Leadership Performance have joined forces with Cumbria Growth Hub and other partners to offer SMEs in Cumbria tailored support under Cumbria Growth Catalyst.**

We have put together a package of **FREE** development support tailored to business owners, including an **initial business health check** and **one to one Coaching for leaders of growing businesses.**

If you are interested in having a no obligation chat about the business health check or coaching support then **please email catherine.eve@cforlp.org.uk or ring her on 01900 824822.**

The Centre for Leadership is an award winning, not-for-profit private limited company working to develop Cumbria's leaders for today and tomorrow through a range of innovative programmes. CfLP delivers the Primary Business Partnership (PBP) throughout West Cumbria – a free brokerage service to help schools and businesses forge greater links to support career-related learning in the classroom.
